SUMMARY

Senior frontend engineer with **8+ years** building accessible, high-performance web applications for fintech and SaaS. Deep experience with **React**, **Next.js**, and design systems, with a focus on *developer experience* and shipping measurable outcomes. Comfortable leading projects end to end and mentoring teams.

EXPERIENCE

Senior Frontend Engineer Mar 2022 - Present
Acme Corp, San Francisco, CA
B2B payments platform serving 2M merchants

- Led migration of a 200k-line codebase to a typed component library, cutting UI defects by **40%**.
- Architected the design-system accessibility program, reaching **WCAG 2.1 AA** across every shipped component.
- Cut initial bundle size **55%** with code-splitting and dependency audits, improving LCP from 3.1s to **1.4s**.
- Built a real-time analytics dashboard over WebSockets, adopted by **12k weekly** active users.
- Maintain react-a11y-kit, an open-source accessibility toolkit with **2k+ stars**.
- Mentored four engineers and set the team's code-review, testing, and release standards.

Frontend Engineer Jul 2018 - Feb 2022
Globex, Remote

- Delivered the customer-facing analytics dashboard used by **12k** weekly active users.
- Introduced a shared component library and Storybook, cutting feature delivery time by ~**30%**.
- Integrated analytics and A/B testing (Mixpanel, GrowthBook) to drive data-informed UI decisions.
- Moved all marketing sites to **Good** Core Web Vitals through image, font, and caching optimizations.

Junior Frontend Developer Aug 2016 - Jun 2018
Initech, Austin, TX

- Built responsive, cross-browser interfaces from Figma designs for enterprise clients.
- Automated form-heavy QA workflows, reducing manual testing time by **20%**.
- Shipped a reusable form-validation library still used across three internal apps.

INTERNSHIP

Frontend Engineering Intern Jun 2015 - Aug 2015
Hooli, Palo Alto, CA
Consumer technology company building connected products

- Shipped a customer-facing settings page in **React**, used by the full beta cohort by the end of the summer.
- Wrote the team's first component unit tests, lifting coverage on the shared UI package to **70%**.

PROJECTS

react-a11y-kit 2020 - Present
Creator & maintainer

- Open-source accessibility toolkit for React with **2k+ stars** and 40+ contributors.
- Ships audited, WCAG-compliant primitives adopted across several production design systems.

ORGANIZATIONS

Organizer Jan 2021 - Present
React SF Meetup

- Curate monthly talks for a **1,800-member** community and coordinate speakers, venues, and sponsors.
- Launched a lightning-talk track that has given 30+ first-time speakers a stage.

President 2016 - 2018
Web Development Club, State University

- Grew the club from 30 to **120 members** and ran weekly hands-on workshops.

EDUCATION

Software Residency 2019 - 2019

Recurse Center, New York, NY

A self-directed residency focused on systems programming, compilers, and open-source contribution.

B.Sc. Computer Science 2014 - 2018

State University, Boston, MA

Graduated with honors (GPA 3.8). Coursework in HCI, distributed systems, and algorithms; led the campus Web Development Club.

CERTIFICATES

AWS Certified Solutions Architect – Associate
Amazon Web Services

Meta Front-End Developer
Coursera

Certified Professional in Web Accessibility (CPACC)
IAAP

SKILLS

TypeScript	Expert	**JavaScript (ES2023)**	Expert
React & Next.js	Expert	**Node.js**	Advanced
GraphQL & REST APIs	Advanced	**Tailwind CSS**	Advanced
Testing (Playwright, Vitest)	Advanced	**State (Zustand, React Query)**	Advanced
Web Accessibility (WCAG)	Advanced	**CI/CD & Docker**	Intermediate
